SPENCE DEATH AT LOCAL HOSPITAL LAST FRIDAY

Robert E. Spence, 64, died at 10:15 a.m. Friday at Hancock General Hospital.

He was a retired toll collector for the Mississippi State Highway Department on the Bay St. Louis bridge.

Mr. Spence was born August 3, 1901, in Cottonport, La., and resided in Bay St. Louis since 1922.

Survivors are his widow, Mrs. Florence Deleuze Spence, two daughters — Miss Dorothy Spence and Miss Gloria Spence, Bay St. Louis; a brother, James Spence, New Iberia, La., four sisters, Evelyn Griffith, New Orleans; Mattie Thompson, Mrs. Fred Stiller and Mrs. Hunter Waits, all of Slidell, La.

Funeral services were conducted Sunday afternoon at Riemann's Fahey-Whitfield Funeral Home Chapel with the Rev. Emory Green, pastor, First Baptist Church, officiating. Interment was in Cedar Rest Cemetery with A. J. Crawford, Charles Crawford, Arthur Jacquillard, Donald Baker,

KITCHEN

IN THE THANKSGIVING TRADITION...

GIVE THANKS...

BY GIVING!

Just as the Pilgrims, in giving thanks, shared the good things on their first Thanksgiving Day table with others, so you, too, can express your thanks this November by sharing your abundance with the world's needy through the Catholic Bishops' annual Thanksgiving Clothing Campaign. During the Thanksgiving season, bring your serviceable used or unwanted clothing, shoes and bedding to the nearest Catholic church. All articles received will be shipped overseas to the needy, regardless of race, creed or color. This year give thanks by giving.

good eating animals.

Junior Trapani will be extra busy from now on. He and his wife became the proud parents of boy twins last week. The boys are doing ok. You can catch up on your sports later, Junior.

John J. Mieczyski is now living in Bay St. Louis, he plays golf, fishes and hunts. John says he loves all three sports and expects to participate in them when he gets straightened out. You'll find plenty of friends to enjoy them with you, John.

Was a pleasure to visit Sis's Bar in New Orleans and meet a lot of old friends, both hunters and fishermen. Got a lot of information on both sports, pro and con. The old phrase came up, "Do you remember when?" etc.

We all know that rabbits are better after the first frost. Enjoyed a rabbit supper the other day, they weren't bad at all.

How do you pick the best potential hunting dog from a litter of puppies? "First," advised Bill Boat-

man, dog specialist from Bainbridge, Ohio, "find a good litter. At this age the best clues are the family histories." Then Boatman watches for the first puppy out of the pen, the alert, eager and ambitious one. "These traits show up even in the very young puppies," says Boatman.

In his new dog supply catalog, Bill Boatman, Bainbridge, Ohio, has now included a dog owner's handbook. Free copies are available for those who write to Bill and ask for them.

The Bay St. Louis Division meeting of Boy Scout Executives will be held on Nov. 23 at the American Legion Home, at 7:30 p.m. all adults are invited to attend. Men are always needed in Scout work. If you are so inclined, this is your opportunity to meet the men of this area who are doing a good job in scouting.

Was a pleasure to hear from my brother, Kenneth E. Elliott of Monroe, La. after 5 years. Kenny is a good hunter and fisherman and enjoys both sports. May be we can get him to come down some time and meet some of our sports. There is plenty of fishing and hunting in these here parts Kenny.

News from the Pass Christian Ices Golf Club of happenings during the month of November and December.

A regular Saturday night supper will be held November 27th. The annual Christmas party will be held on Saturday, December 11th. Admission for a guest will be \$2.00.

Mrs. Nicki Barrentine and Mrs. Lewis Kisting tied for top honors with low net 74 to win the low net tournament held Tuesday at PCIGC.

Mrs. Gertrude Perry won low putts with 32.

In the Witches tourney held Friday, Oct. 29th, Mrs. John Hohnstreiter, Mrs. John Griffin and Mrs. Richard Anderson won top honors.

On Tuesday Nov. 9th, the monthly business meeting was held at 9 a.m.

Most anyone can fry, bake or boil fish, but something new is the circular No. 201 called "Fish Recipes from the Great Lakes." This circular is available for 25c from the Superintendent of Documents, Washington, D. C. 20240. It contains receipts for cooking fish a number of ways. Dick Kottis of Fred Arbogast Co. says, "My waistline is a testimonial to the wonderful recipes it contains."

Lakes are misleading; their flat surfaces hide a wide variety of underwater conditions. Some of these conditions attract fish, while many do not. The first order of business is to determine the spots that hold the greatest natural appeal for fish. It has been proven that our lakes around here like Visco, Sauclier, and Cuevas, provide best fishing on a high tide. Surface fishing and trolling are good this time of the year and throughout the winter months.

GAINESVILLE, Miss. — Six key appointments at the National Aeronautics and Space Administration's Mississippi Test Facility were announced this week by Jackson M. Balch, MTF Manager.

Named were Henry F. Auter as Deputy Manager and Chief of the Projects Control Office; Lt. Col. Frederic A. Fyfe, Assistant Manager for Construction and Installation; Waldo E. Dearing, Chief of the Management Support Office; Myron L. Myers and Robert A. Bush, Project Managers for S-IC and S-II operations, respectively; and Myrl E. Sanders, Project Manager for support activities.

Auter, before coming to Mississippi, was with the George C. Marshall Space Flight Center Huntsville, Ala. MTF's parent organization. He has been one of the key personnel from Marshall concerned with the rocket testing site since its very beginning.

Prior to his coming to Mississippi, he served as Chief of the Electric Systems Engineering Branch, Test Laboratory, Marshall Space Flight Center, in Huntsville. A native of Vicksburg, Miss., Auter was graduated from Mississippi State University with a degree in electrical engineering. He is a registered professional engineer in Alabama.

Auter was in the Army during World War II and served in the Air Force from 1951 to 1953, during which time he was instrumental officer at the Atlantic Missile Range. He is at present a Major in the Air Force Reserve.

Frech, the new MTF assistant manager, has been Area Engineer for the Army Corps of Engineers at the Air Force's Arnold Engineering Development Center in Tullahoma, Tenn., since September 1964.

He was responsible at Arnold for the completion and testing of an Aerospace Environmental Chamber (Mark I), a huge stainless steel chamber with vacuum pumping and cryogenic facilities to simulate conditions encountered by space vehicles from launch to orbiting at altitudes of 300 miles.

Frech received his Master of Science degree from Harvard University and formerly taught physics at the United States Military Academy at West Point. He was graduated from West Point in 1946, completed studies at the U. S. Army Command and General Staff College and is a registered professional engineer in the State of New York.

Frech's military service includes assignments with the 1st Engineer Combat Battalion and other engineer units, and staff duty with Headquarters, United States Army, Europe.

Dearing, MTF's new Chief of the Management Support Office, formerly was executive assistant to the Depot Commander at the Sioux Army Depot, where was the top ranking civilian official.

Dearing's military experience began in April 1942 until October 1945, when he served as "buck" sergeant, leading a mortar squad in the invasion of Normandy and five major European campaigns.

He was awarded the Bronze Arrowhead for the Normandy landing, battle stars for each of the campaigns and a Presidential Citation for combat action.

Dearing, after his military service, spent a year with the War Assets Administration and was employed from September 1947 to January 1949, as a wholesale hardware salesman in northwestern Iowa.

He came to Sioux as a management analyst in 1948 and was promoted progressively until he was named executive assistant to the Depot Commander.

Myers comes to MTF as S-IC project manager from Huntsville where he was S-IC Facilities Manager working under the Saturn V program.

Bush, also comes to Mississippi from Huntsville where he was working as the S-II Facilities Manager. He was involved there in erecting S-II facilities throughout the country.

Sanders is a graduate of Mississippi State University and formerly was with the Resources Management Office at the Marshall Space Flight Center in Huntsville. Sanders, also, has been one of the key figures in the development of the Mississippi facility.

MTF, now in its final phases of development, will be the static testing site for engines and stages of NASA's large space vehicles.

ESTABLISH MEMORIAL FUND

Members of City-County Memorial Library have established a fund in honor of the memory of Miss Louise Crawford, founder, to purchase new books for the facility.

Contributions may be given Mrs. T. A. Humphreys, librarian, or and board or staff member.

friends has hunted and fished in these parts for a long time. For a number of years he has spent most of his time working on boats and engines. He is hard to beat when it comes to fixing engines and keeping them running. Leo likes his work and enjoys helping his fishing friends when they need him. Keep up the good work, Leo.

HOSPITAL AUXILIARY IN REGULAR MEETING

Hancock General Hospital Auxiliary met last Thursday in the hospital conference room with Mrs. A. M. Ortle, president, presiding.

Rev. Lamar Martin, pastor of the Main Street Methodist Church, gave the opening prayer.

Miss Joyce Cummings, Greenwood, Miss., a new member, was introduced to the group. It was announced the Nelson committee will meet with the hospital board of directors at 7:30 p.m., December 8 at the hospital. Hospital Administrator Tom Logue told the group completion of the new 12-room addition to the hospital was expected by February or early March.

Members voted unanimously to present a gift of \$250 to the hospital for the purchase of books for the medical library.

Auxiliary members will decorate the hospital for Christmas.

Mrs. Chas. P. Smith was named chairman of the decorating committee with Mesdames Ben Hille Sr., Betty Hill, Lucille Weeks, Marion Oiestad and Charles Van Trier as co-chairmen.

There were 30 members in attendance.

CHEVROLET WORKPOWER

WITH DOUBLE-STRONG CONSTRUCTION

Chevy pickups for '66 are built strong to stand up to tough jobs. Cabs, for example, have double-wall roof construction, a rigid double-wall cowl and husky framing around door openings. Lower side panels of Fleetside models are also double-walled. Chassis, too, is designed for extra strength. You can get a 6½-, 8-, or 9-ft body and a big new 250-cu.-in. Six. Or specify a rugged 327-cu.-in. V8. Get a double-strong pickup that's a glutton for work!

'tis mince

Grandma baked pies today and we had a good laugh together over the story she used to tell me as a little girl of a lady who baked pies and marked them to tell them apart. Half she marked T M for 'Tis Mince, the others T M for 'Tisn't Mince.

It's such fun having Grandma live in our house. Her stories of the old days, her understanding humor, and her joy in living spark our lives. She needs no label. That she's a Christian glows in everything she does. No matter what the circumstances, she meets people and situations with love and goodness. Full credit is hers, that none of the problems that we feared when she came to live with us have developed.

Yes, I'd say Grandma has rubbed off on all of us. We all go to church now and we're much happier because of it. We've learned from Grandma that happiness comes from doing good and loving God.

Why don't you go to Church and take your family with you?

THE CHURCH FOR ALL
ALL FOR THE CHURCH

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

MONTH

WHEREAS, the rapidly growing number of manufacturers and producers of Mississippi are making and processing an ever-expanding list of fine quality and highly desirable products; and

WHEREAS, these firms are making a significant contribution to the economic prosperity and progress of Mississippi by providing gainful employment to thousands of our citizens, by purchasing local goods, services and raw materials, by paying taxes, and by being good, progressive citizens of our communities; and

WHEREAS, the people of Mississippi would welcome an opportunity to be better informed about the products made or produced in their State, where they are made, and where and when they may personally inspect these products and have an opportunity to purchase them; and

WHEREAS, the Mississippi Marketing Council, created by the Mississippi Legislature in regular session in 1964, is charged with the direct responsibility of creating, developing or finding additional markets for the products of Mississippi's farms, forests, manufacturing and processing plants; and

WHEREAS, it is not logical for our Mississippi Marketing Council to go into the states of this nation and to conduct trade missions to the various countries of the world, in search of new markets for our Mississippi products, when our own people in Mississippi are not fully acquainted with the products of our manufacturers and processors and have not been provided with an opportunity to personally inspect and to buy these products.

NOW, THEREFORE, I, as Governor of the Sovereign State of Mississippi, do hereby direct the Mississippi Marketing Council to conduct an annual statewide program to inform all Mississippians about the products manufactured and processed in their State; to urge all merchants in the State to stock, display and offer for sale all appropriate Mississippi-made products; and to invite every citizen of this State to BUY MISSISSIPPI PRODUCTS during this program; and

I DO HEREWITH PROCLAIM NOVEMBER, 1965, as BUY MISSISSIPPI PRODUCTS month in Mississippi and do call upon all citizens, organizations and businesses in this State to render every assistance and cooperation to the end that this marketing program may contribute substantially to the further economic progress and prosperity of all our people.

WITNESS, my signature, this the 7th day of October, 1965.

FACTORS RELATED TO
HIGH PRODUCTION OF
HERD AT UNIVERSITY

STATE COLLEGE, Miss. While the average dairy cow in Mississippi produces about 4,000 pounds of milk per year, the dairy herd at Mississippi State University is averaging about 11,000 pounds.

This record is maintained despite the fact that the sole emphasis cannot be placed on high production. The herd is also used for research by the Mississippi Agricultural Experiment Station.

Dr. John M. Buckalew lists the following factors as among those contributing to production increases:

"1. Increased emphasis on quality forage, particularly alfalfa. Combine type grain sorghum silage fed free choice during most of the year. Limited amounts of high quality temporary winter and summer pastures are used when available. Every effort is made to give each milking cow all of the top quality forage she can eat every day of the year.

"2. Maximum use of AI proved sires in the breeding program. With the development of a frozen semen program, an excellent selection of bulls from throughout the country are available for use.

"3. A rigid production testing and culling program. All cows are tested under the central processed D.H.L.R. program. Heifer calves are raised to insure adequate replacement numbers.

"4. Improvement of housing and feeding facilities to protect animals from cold winter rains and mud. The herd is housed in a loafing shed and fed on concrete during most of the year.

"In summary, it can be said that production per cow in the University herd has increased greatly during the last decade. This improvement has been the result of a combination of sound management practices not involving expensive 'cure-alls', special feeds, or the purchase of replacement animals."

OCEAN SPRINGS WINS
OVER BAY HIGH
BY 19-7 SCORE

A strong second half rally brought the Ocean Springs Greyhounds from behind Friday night and enabled them to post a 19-7 Gulf Coast Conference football victory over the Bay High Tigers at Freedom Field in Ocean Springs.

The victory moved the Greyhounds of Coach Hugh Pepper one step nearer their third consecutive Gulf Coast Conference football championship.

Ocean Springs now has an 8-1 won-lost record and will close out its season next Friday night at Perkinston against the strong Stone High Tomcats of Wiggins.

Bay High concluded the campaign with an 8-11 won-lost record but could still share the championship should Ocean Springs be defeated or tied by Stone.

An Ocean Springs loss next week could leave St. Martin, Stone and Bay High in a three-way tie for the championship.

Coach Lance Lumpkin's visiting Tigers scored a touchdown midway in the first quarter of the Friday contest, then used ball tactics to hold the Greyhounds in check the first half.

Ocean Springs, however, dominated the second half by scoring one touchdown in the third quarter and two in the fourth.

The Tigers covered an Ocean Springs fumble at the Greyhound 43 to set their touchdown drive in motion. Fullback Danny Kranekey scored from two yards out to end the 43-yard march, and Freddy Breland kicked the extra point for a 7-0 Tiger lead with 5:13 left in the initial period.

Halfback David Janovich put the Greyhounds in good field position to open the second half when he returned the kickoff 42 yards to the Tiger 43. Two plays later Clarence Blake broke loose and raced 35 yards for a touchdown.

Ace Parker ran the extra point across to tie the game at 7-7 with the third period less than two minutes old.

Ocean Springs took the lead for keeps on the first play of the fourth quarter when Janovich plunged four yards for a touchdown. The score was set up when Anthony Catchot covered a Bay High fumble. A 60-yard Parker to fullback Joe Williams placed the ball in scoring position.

The Greyhounds closed out the scoring on a 61-yard run by Janovich with 45 seconds remaining in the game after Janovich had set it up with a 32-yard punt return.

Quarter scores:

Bay High 7 0 0 0-7

Ocean Springs 0 0 7 12-19

ST. STANISLAUS
DEFEATS VANCELEAVE
36-0 FRIDAY

The St. Stanislaus Rockchaws scored in every quarter Friday night while rolling to a 36-0 high school football victory over the Vanceleave Bulldogs at Rockchaw Stadium.

It was homecoming for the Rockchaws and the victory was their third in seven outings.

Quarterback John O'Boyle ran for two touchdowns and passed for another while leading the St. Stanislaus attack. The Rockchaws picked up a touchdown and a safety in the first quarter, single touchdowns in the second and third periods and two touchdowns in the final quarter.

Al Jacobi got the St. Stanislaus scoring machinery in motion when he caught a Vanceleave fumble in the air and raced 11 yards to paydirt in the opening period. Rusty Judlin added the extra point on a line plunge.

Later in the period, Dan Garaway and Billy Pellegrini tackled halfback Dan Havens in the Vanceleave end zone for a safety to give the Rockchaws a 9-0 lead.

O'Boyle reeled 10 yards off tackle for his first touchdown in the second quarter to climax a 42-yard drive. Garaway kicked the extra point, upping the lead to 16-0 at the half.

In the third quarter halfback Larry Boudreaux ran 11 yards for another Rockchaw tally and Garaway again kicked the point after.

O'Boyle passed 13 yards to John Ackee, then passed to Judlin for

ANNUNCIATION BASKETBALL LEAGUE OPENS NOV. 14

The Annunciation Sunday Basketball League will officially open Nov. 14 with eight teams scheduled to match each other. The first meeting of officials and team representatives was held Sunday Nov. 13 at 4:00 p.m. Present at the meeting were the President, Mr. Kenneth Brown, assistant pastor of Annunciation Church, Kilgusville (Junior) Moran, vice president and manager of St. Williams; Howard Liana secretary-treasurer and manager of White Cypress. Also present at the meeting were player representatives from some of the participating teams. There will be two teams at present not well known in basketball circles. These teams are both coming from the Oblate of Mary Immaculate Seminary, Pine Hill. They promise to add a very refreshing image and spark to the league.

The eight teams participating are: Kilgus, St. Williams, White Cypress, Sellers, Liana, Trapani, Bay St. Louis, Oblate Green team and the Oblate Gold team. League play will be governed by official collegiate rules with two twenty minute halves. There will be four games each Sunday at the Annunciation School gym beginning at 1:00 P.M. General admission for the four games will be twenty five cents. The schedule of games for this Sunday will be: Sellers and Liana 1:00, Kilgus and Trapani 2:00, St. Williams and Oblate Green 3:00, White Cypress and Oblate Gold 4:00.

We hope to keep everyone posted on the progress and results of the league as well as some of the individual performance as the weeks go by.

44th NATIONAL 4-H CLUB CONGRESS Showcase of America's Youth

NOV. 28 — DEC. 2

Theme...
YOUNG AMERICA AND WORLD AFFAIRS
1500
Boys and Girls Participate

The National 4-H Club Congress opens for the 44th straight year in Chicago, on Sunday afternoon, Nov. 28, but the young delegates start checking into the Conrad Hilton Hotel headquarters on Friday and Saturday. Activities begin at once, and never stop until the final banquet on Thursday night, Dec. 2.

The Congress theme is "Young America and World Affairs," announced Norman C. Mindrum, director of the National 4-H Service Committee which arranges the annual event in cooperation with the Extension Service of the land-grant universities, and more than 55 business firms which support the 4-H program. The 1,500 delegates—all winners—will represent 50 states, Puerto Rico, and for the first time an "official" delegation of 10 Canadian 4-H members, one from each province. The 4-Hers will devote the better part of two days to forums on world problems.

During the action-packed week more than 200 youths selected for superior achievement will be designated national winners of educational scholarships.

Three boys and three girls will be named to receive the highest honor bestowed during the Congress: The Presidential Silver Tray award. These champions are the top pair in achievement, citizenship and leadership programs.

Donors of funds for the trips and scholarships are business firms and foundations. They contribute more than a million dollars each year to aid 4-H, said Mr. Mindrum.

The award winners are all selected by extension personnel heading the state 4-H program. Among the award donors are: Alfa-Chalmers Manufacturing Company, American Oil Foundation, Carnation Company, Clute Service Oil Company, Conrad Hilton Hotel, Cudahy Packing Co., E. I. du Pont de Nemours & Company, Elgin National Watch Company, Florsheim E. I. du Pont de Nemours & Company, General Motors, Hercules Powder Company, Humble Oil & Refining Co., International Harvester, International Minerals & Chemical Corporation, Livestock Conservation, Inc., Others are: Edwin T. Meredith Foundation, Montgomery Ward, Oliver Corporation, Procter & Gamble, The Sears-Roebuck Foundation, Standard Brands, Incorporated, Standard Oil Company (Kentucky), The Standard Oil Company Corporation, The West End Company, Washington, D.C., Inc.

According to Mr. Mindrum, donor support averages nearly 20 years. The longest continued sponsorship totals 43 years.

Compreha-Seuzeneau Wedding Solemnized Saturday

Our Lady of the Gulf Catholic Church was the setting for the wedding at a Nuptial Mass Saturday morning of Miss Sandra Grace Seuzeneau, daughter of Mr. and Mrs. Sheldon M. Seuzeneau Sr. and Donald Anthony Compreha, son of Mr. and Mrs. Anthony P. Compreha, all of Bay St. Louis.

The Rev. Dennis Harlow performed the double ring ceremony before an altar banked with vases of white gladioli and mums.

Mrs. John McKenna, organist, accompanied Mrs. Tedde Thomas and Mr. and Mrs. Conrad Mauffray who sang a number of appropriate hymns during the ceremony.

Given in marriage by her father, the bride chose a white silk-faced gown de sole gown fashioned with Alencon lace appliques trimmed in seed pearls on sheath lines in front and an overskirt bordered with Alencon lace re-embroidered in seed pearls which flowed into a chapel train. The lace bodice featured a round neckline outlined with the re-embroidered lace and three-quarter length sleeves. Her shoulder-length veil of illusion was attached to four peau de sole flowers, she carried a cascade of stephanotis centered with a white orchid.

Miss Seuzeneau had as her attendants, her sister Miss Phyllis Seuzeneau, maid of honor; Mrs. Kenneth Kistner, Mt. View, Calif., matron of honor; and Misses Janet Trapani, Susan Schwegmann and Marsha Compreha as bridesmaids.

They wore floor length silk chiffon sea foam green dresses fashioned with fitted bodices with elbow length sleeves and satin bows in the back of the skirts which fell into small trains.

They wore matching bows with circular veils on their heads and carried bronze mums.

Attending the groom as best man was Robert Compreha, groomsmen were Bart Carr, Jerry Seuzeneau and James Chiniche. J. P. Compreha and Jack Seuzeneau Jr. served as ushers.

Following the wedding a reception was held at the American Legion Home.

Out of town guests were Mr. and Mrs. Enoch Ledet, William Jacks and Mrs. William B. Matthews.
